Groundbreaking ceremonies were held yesterday morning to officially mark the beginning of construction on the new \$1.7 million Multipurpose Activities Center (MAC) here at Bryant.

The groundbreaking ceremonies were conducted by Master of Ceremonies G. Russell LeBeau, Trustee Chairman of the Buildings and Grounds Committee. The Invocation, given by Rev. John W. Lolio Catholic Chaplain at Bryant, was followed by the opening remarks given by Dr. William P. Robinson Chairman of the Bryant Board of Trustees.

Dr. William T. O'Hara, Bryant's President, spoke next about the purpose of the Center. Dr. O'Hara said the center is being constructed to meet the ever expanding demands and needs for the Bryant Community.

Mr. Leslie L. LaFond, Vice President of Student Affairs, spoke next followed by Smithfield Town Council President, Mr. Frank G. Eldredge, who brought greetings from the Town of Smithfield. Bryant Student Senate President John Healy spoke next on behalf of the student body. Mr. LeBeau then introduced Mr. Raymond N. Menard, President of The Providence Partnership, as

representative of the architectural firm which designed MAC. Mr. Leo Marshall, President of J.L. Marshall & Sons, Inc., who represented the contractors building MAC, was introduced last.

Rev. John Carlson, Bryants Protestant Chaplain, gave the closing benediction.

The official breaking of ground took place next. Donning hard hats and grasping a shovel, Dr. O'Hara, Mr. LeBeau, Dr. Robinson, Mr. Eldredge, Mr. Marshall, and Mr. Menard all participated in the fourth such ceremony to be held on the new Bryant campus. Following this, the Rev. John Carlson, Bryant's Protestant Chaplain, gave the closing benediction.

MAC, which will connect to the north wll of the existing gym, will be finished with brick to blend in with the existing facility. Scheduled for completion in December of 1980; MAC will be basically divided into three areas. The first will contain an arena for basketball, volleyball, tennis and other sports as well as a variety of social events. Five courts for handball and racquetball will be contained in the second section; while the third area will accommodate office facilities for such student organizations as THE ARCHWAY, WJMF, and the G.L.C.

Call for Nominations

The Commencement Awards Committee is issuing a call for nominations for the 1980 Commencement Awards for December, 1979 and May, 1980 graduates! The committee encourages wide participation in these nominations to assure that those who are most worthy are selected to be honored. Nominations may come from any member of the Bryant Community, faculty, students, or Administration. Act today! Nomination forms are available in the Student Senate Office, Faculty Office Suites, Registrar's Office, and the Placement Office.

The Committee is composed of two students (Susan Bitzer and Craig Brickley) two faculty members (Dr. James O'Neil and Mr. Richard Fontaine), and two administrators (Mrs. Eleanor Read and Dr. Stanley Shuman). If you have any questions, please address them to a committee member. Details of the awards follow:

George M. Parks Award: Bachelor's degree candidate who has done the most to enhance the college's reputation* through intelligent use of recognized leadership qualities.
Jeremiah Clark Barber Award: Bachelor's degree candidate who has shown most consistent record of improvement in mastering the subject matter of a specific academic program.

Self-Reliance Award: Bachelor's degree candidate who has shown desire to fulfill career objective through work experience in the field

New Dorm Residence Hall Association

by Paul Magoulas
Archway Staff Writer

The new Dorm Residence Hall Association (NDRHA) is an organization involved with the community life of the New Dorm.

The NDRHA was organized by Student Affairs for the following purposes. The association was designed to bring residents together; to assess the needs of the dorm and develop programs to meet those needs; to make recommendations to the residence hall staff on policies and regulations in the dorm, and to help keep the staff aware of student concerns and problems. The association will represent all the students of the dorm; will work toward the development of a community atmosphere in the dorm; will work with the staff in developing an atmosphere in the dorm which will be beneficial to the residents both academically and socially, and will make suggestions to the staff concerning physical needs in the dorm (facilities).

The NDRHA consists of sixteen members; four from each floor and two Resident Staff Advisors. The members are co-chairpersons Jeff Hanson and Tracia Farrand; Secretary Pam Souza; Treasurer Sherril Rautenberg; Jackie Pirone, Robin Jones, Alexis Furer, Mary McMahon, Lynn Weisenberger, Bill Henry, Jim Knipper, Jeff Besse, Kevin Dillion, Rich Pelaia, Mark Grader, and Jim Parisi. The two Resident Staff Advisors for the NDRHA are Greg Lyden and Al Killen.

The NDRHA is divided into three committees. They consist of the Programming Committee, the Community Development Committee and the Service Committee. The Programming Committee is in charge of the development of social, cultural, academic and athletic programs. They will assist other committees when needed and they will be in charge of finding out the needs of the residents. The Community Development Committee

Phonathon volunteers help raise money for MAC

by Mary Morgado
Archway Staff Writer

"The Big MAC Attack" are the words being spoken nightly in rooms 386 A and B as the Bryant Fund Phonathon Continues.

On March 3, 4, and 5, 55 members of the Greek Letter Council participated in the first phase of the phonathon by calling 1,311 parents and received donations for the new Multipurpose Activities Center totalling \$13,255. Of the total number of parents called, 719 pledged an average of \$18.43 per person.

The phonathon continues with Alumni calling March 16, 17, 18, 24, 25, and 26, and April 7, 8, 9, 14,

15, 16, and 21. Parent calling will end the phonathon on April 22 and 23.

Greeks and Student Organizations are competing for a \$100 1st prize, \$60 2nd prize, and \$30 3rd prize. These prizes will be awarded to the 3 Fraternities and Sororities with the greatest amounts of dollars raised and also the 3 Student Organizations with the highest totals. Also, individual awards are given nightly as incentives to the volunteers.

Many more students are needed to achieve the Bryant Fund goals. If you are interested in participating, either as a group or individual, contact Karen Beaton-Simmons in the Public Affairs Office.

Contest Winners

Working in the offices of Senator Pell: Nancy Gannor, Thomas J. Medico, Tina M. Warren. Working in the offices of Congressman Beard: Robert R. Calo, Elizabeth A. Capasso, John T. Hogan.

Joseph P. Kittredge was the runner-up in the contest and Lynn Donnelly served as peer counselor for the group, since she was a winner in last year's Internship contest.

NewsBriefs

A bill to provide \$500 annually in aid to private college students was introduced this week before the RI State Legislature. The bill, which is being sponsored by five state senators, would provide a \$500 annual grant to individual undergraduate students attending a private college or university in RI.

The bill was submitted on behalf of the RI Higher Education Association which represents the interests of the state's eight major private institutions of higher education, and Bryant's President, Dr. William T. O'Hara, is the chairman of the association. According to Dr. O'Hara similar legislation has already been adopted in twenty-five other states.

President Carter completed his seventh primary victory over Senator Kennedy this week by winning the Illinois democratic primary. President Carter received 65% of the democratic vote to obtain his victory, while Ronald Reagan continued to build his lead over the other Republican candidates by winning the Illinois republican primary. Reagan received 49% of

the vote, while Illinois Congressman John Anderson finished second with 36% of the vote.

The Internal Revenue Service reminds all taxpayers to use the peel-off address label provided with the tax packages sent to them. This peel-off label speeds up the processing of returns and will lessen the chances of an error being made which might delay the tax refund. Taxpayers are also reminded to take a few minutes and review the tax return before mailing it. A short review would help eliminate any spelling or math errors which could also delay the processing of the tax return.

While the prime rate continues to rise, the price of gold continues to fall. Chase Manhattan Bank led the way and other major banks followed in raising the prime lending rate to 19%. Economists foresee 20% in the very near future. Gold meanwhile, after recently topping the \$800 an ounce mark, has fallen below \$500 an ounce. The price of gold is expected to fluctuate and traders don't see the price per ounce rising very high or the gold market collapsing in the near future.

THE OPINIONS

FROM THE EDITOR'S DESK....

Yesterday was a day of beginnings . . . and endings. . .

The beginnings, of course, was the groundbreaking for the Multi-purpose Activities Center (affectionately known as Big MAC). There was all the pomp and fanfare that one would expect with such an occasion. The first day of spring was most appropriate for such an event, in which college and community dignitaries turned over some earth to signal the "start" of the project, which the contractor had already started some days before. MAC is a badly needed facility, and will be put to good use by all who use it. Its construction clearly shows that the trustees and administration have at least one ear cocked in the student's direction.

The end was a more somber one. It came in the form of a press release that announced the end of the Varsity hockey Program. The motives behind this move are indeed noble ones. They include expansion of the intramural program, and the addition of "several new varsity programs, especially in the area of women's athletics." The methods, however, are questionable. Could possibly slight reductions in the budgets of other sports, and slight athletics budget increase overall could possibly have been satisfactory, and hockey could have been saved. Hockey is a popular sport—to drop it is really a step backward.

* * *

It may seem that a Bryant College Press Release on the above event was insufficient to cover a story of such magnitude. The factor here was a lack of time to investigate. In forthcoming weeks The Archway will be digging deeper into the entire Bryant athletic program, to find out exactly how priorities are set and decisions are made.

* * *

Another "new beginning" involved our new Rotunda trees. Why don't we look at the trees as they really are—message centers and bulletin boards. The newest trees do not have branches, which makes them even more susceptible to damage. I am sure that these trees will be defoliated in no time. A possible solution to this problem would be kiosks covered with tackboard and firmly attached to the floor. This hopefully would free the trees for their rightful purpose, which would be beautification of the Rotunda.

Austin Replies to Lois

Dear Editor,

I read with great concern Lois Therien's editorial on the Student Senate. I must say that some of her points are valid where other points in my estimation, "don't tell the whole story".

Lois was correct when she said some clubs did not receive money from the Student Senate for this year's activities. Of the nearly fifty clubs and organizations registered with the Senate, twenty-eight came for money out of the Ways and Means budget. (The budget was \$9,500 but had to be raised to cover clubs expenses.)

Out of those twenty-eight clubs and organizations, that came for money, two were denied money. The first was the Data Processing Management Association. They wanted \$400 to help cover costs for a

mixer. The DPMA had \$538.99 in their bank accounts, and the total cash outlay for the mixer was \$612.26. The Ways and Means Committee composed of Senators students vote for, who are now experts at budgets, said no. They felt the DPMA had enough money to run a mixer. It's funny I've never seen Lois Therien at any of these

Candidate Speaks Out

To the Editor:

With each day that passes, a confrontation between the world's super-powers edges closer, and, as each day slips away the West's chances of winning this confrontation decrease. The Soviet Union is becoming stronger and stronger and only a show of our strength can eliminate this situation. We have attempted to deal with the U.S.S.R. in a rational, humane manner, but our attempts have failed, and stronger, militaristic methods are now necessary.

Our nation is now confronted by a confusing situation. On one hand, a

defeat of the U.S.S.R. could be insured, if we consider a joint venture with China, in which case we would have to arm their population that almost reaches the one billion mark. And, on the other hand, arming the Chinese could be considered self-destructive. We would be, in fact, arming another sprouting branch of communism.

We live in a nation whose ideology is built upon a foundation of human dignity, yet we frequently forget that it was our aid that placed Lenin in power and it was our continued intentional blindness that

Baseball Raffle

To the Editor:

After waiting patiently since December 17 for notification of the winners of this year's Bryant baseball raffle, I've decided to publicize my grievance.

Is it proper for a school organization to fraudulently induce students to purchase raffle tickets with no expectation of holding a raffle? Or is it just the scheming of the baseball coach, Mr. McGuinn, to raise some quick capital and let the raffle slowly drift from the memories of the participants. It is this question that I make public.

The students who purchased these tickets believed that the proceeds would be used for the team's trip to Florida. We have no reason to doubt this. We do have reason to doubt that the prizes advertised were ever given out. I do not wish to blame the players themselves. However, I do challenge the organizer of the raffle, Coach McGuinn, to publish the name of the winners in next week's Archway. Further we question the existence of the Rhode Island Baseball Club under which the raffle was conducted. Rather should it not have been the Bryant College Baseball team.

Hockey Team Dropped?

To the Editor:

I am writing in regard to the rumor that Hockey is being considered dropped from Bryant College Athletics. In the year of the fantastic victory of the U.S. Hockey team in the Olympics, how could Bryant administrators even consider phasing out such an exciting and worthwhile sport as hockey?

It has been said that lack of attendance is one of the reasons that hockey is not worth the money spent. Considering there is no publicity of when a game is to be held (not like the basketball team receives) attendance at the rink is good. It is a drive and the students who do show up, put effort into getting there and deserve to see the game. Maybe a publicity committee could be set up to let students know when a game is scheduled instead of word of mouth. It has also been

said, why have a hockey team who always lose? That is not good sportsmanship at all.

The players put a great amount of effort into these games and get very little credit for all their endeavor.

With the new gym in the making, Bryant should be increasing their athletic program not decreasing it. Maybe these administrators themselves should attend a hockey game once in awhile and see what our school would be missing without it. I don't think our college would look very good to potential students who want to study and also be able to play a sport they enjoyed so much and worked so hard at in high school.

In closing, I would just like to say thanks for all the exciting games this year guys.

Sincerely,
Jennifer Michelson

Ways and Means Committee meetings crying for clubs to get money. Anyone can go to these meetings: they are posted every week in the Senate, and Cathy Anderson announces them at every Senate meeting. Another funny thing I just thought, I've never seen Lois Therrien, crusader for the average student, at a Student Senate meeting. Senate meeting times are posted too, in the Senate Office, *Archway* and Rotunda.

But, getting back to clubs that did not receive money. The other club that did not receive money from the Student Senate was the Invalids Independent Organization.

Last year the Senate passed the Invalid's Constitution. A motion I favored as the President. The reason that the Invalid's Constitution passed so easily in the Senate is (and this is my opinion) that when questioned about money, they said that they probably would not need money for next year. Also another problem with the Invalids was that it was a brand new club to the Senate with self-appointed officers, not elected. What I think happened is that before allocating money, the Senate would like to see how the Invalids prove themselves and actually can separate themselves as being more than just another social organization.

The point I'm trying to make is, Lois Therrien said in her editorial, "since some clubs and organizations have been turned down..." In my estimation, the word, some, is a little bit too strong a word for two out of twenty-eight.

Talking about the Invalids, I found another problem with Lois' editorial, and it concerns the SPB. Contrary to common belief, the Student Programming Board is not on their own. They are a committee,

I repeat, a committee under the Student Senate. Just like any other committee, they are monitored.

You elect us, the Student Senate, to work hard on Senate activities. One of the things we bend over backwards to do is to monitor committees, even SPB. Just to give an example of how hard we monitor these committees; each chairperson of a committee gives oral and typewritten reports to the Senate on almost a weekly basis. Senators are also called to the Student Senate President's office twice a semester to see what is going on with them and their committees.

Again, getting back to Lois' point. Down here in the Senate, the 11th commandment is "thou shall not do anything unconstitutional." Well, the Programming Board did twice. The first time was lending money to the Invalids—unconstitutional according to the SPB's constitution, and the second time letting the pub door fee for the Society for the Advancement of Management's event go up to \$1.00. If Lois had talked to Ray Wong, President of SAM, like I did, it was not rising costs that made them need the money as Lois said, it was a buffer to be on the safe side so as not to lose money. We down here at the Senate looked at their budget and their event; we knew it would make money and that they didn't have to raise the door charge.

Remember too that if you extend a privilege, like raising a door fee to one club, you better be able to do it for everyone. By the way, the Chairperson, (who is also Vice President of the Senate), of the SPB also deemed these two actions unconstitutional, according to SPB's constitution.

The last point that Lois brought up is the Senate banquet. The cost to

the students was around \$1,000. That is a lot considering executive council members work in the vicinity of 20-30 hours a week, no pay on the Senate. Who knows how many hundreds of hours all the Senators worked. It seems to me that \$1,000 split between 30 Senate members is about \$33 a head for all the hours we have put in. You know something really funny Lois Therrien, the University of Massachusetts gets academic credits and \$50 a week for being on their Senate. Once in awhile student leaders get scholarships from the school they go to. Our only motivation this year was a chicken dinner and a seven dollar plaque. What I'm trying to say is all students are receiving skills through the Senate the real world pays for.

I guess you are right Lois Therrien when you said "the activity fee needs to be raised to keep up with the higher costs, but the students on this campus deserve to have more say in the way their activity fee is budgeted."

That is, Lois Therrien, exactly why the Senate has elections; so people's feelings can be represented, and that is exactly why the Senate has open Ways and Means Committee and Senate meetings. Meetings I have never seen Lois Therrien at, but she knows oh so much about.

Sincerely,

John V. Healy
Student Senate President

The Service Committee is in charge of the development of fund raising programs, community service projects and service projects for the college and the residents. This committee will also assist the other committees when needed, and will serve as publicity agent for NDRHA.

Some of the activities that have been performed by the NDRHA include a Halloween fund raiser on parents weekend which consisted of guessing how many jellybeans were in a jar. They created Study Skills Workshops for improving studying skills and the NDRHA held a Christmas party before the semester

break. A Backgammon Tournament was held and plans are being made for a ping-pong tournament in the near future. They will be running a baby picture contest and staging the New Dorm Follies. A grinder sale is also being held in the lobby of the dorm to raise money for a spring picnic. So far by adding the money given to them by Student Affairs to the money received from the fund raisers, two color televisions and a ping-pong table have been purchased. The NDRHA also helped in the selection of a New Resident Director for the dorm. The association is now in the process of writing a constitution to serve the dorm.

The NDRHA is still in its experimental stage. With every program they participate in, the association members gain experience in trying to please the community. All of the members have worked very hard all year long to provide services for the dorm and in doing so, have been able to set precedents for future NDRHA representatives.

The brothers would like to welcome everyone back from Spring vacation. Congratulations are in order for our ten new brothers. They did a fine job considering they pledged this year and not back when pledging was pledging. Our basketball team is in the thick of things in the strong division. We would like to wish them all the luck in their upcoming games. Since spring is quickly approaching our softball fanatics are having trouble keeping it in their shorts. Our pledge formal is rapidly approaching. Any females interested in a beautiful weekend should stop by the bench to make arrangements. The Florida and Bermuda trips went well. "Take me with you, Hook em Hors, chip, we're really not a bunch of rowdy guys, you got room for four." Again, enjoy the rest of the semester and make some memories.

On April 12, 1980, the sisters of BSO will be having their annual Pledge Formal. It will take place at the Ramada Inn in Mystic, Connecticut. We are all looking forward to an enjoyable evening. Speaking of enjoyable weekends, we

are having a party with the Brothers of Delta Sig on Sunday, March 23. We are sure the brothers will all show the new sisters a good time (as well as the old sisters too).

Lastly, we would like to wish all the candidates for the GLC Executive Board elections the best of luck.

We would like to welcome everyone back from spring break and hope you all had a great time. Those tans are looking good! In sports, our A team basketball is riding high looking for the fraternity league championship. The B team is out of the playoffs but had a decent season. The C team has found a niche as they won their second straight game and they're now looking for a third. Our softball and indoor soccer teams are coming into shape, looks like it is going to be a good season. Our bowling teams are knocking them dead, having good reasons. We're getting psyched for our weekend coming up. Should be a good time. Well Duke, Here's the paper.

Sigma Iota Beta

The SIBBIES would like to welcome everyone back from Spring break and we hope that everyone enjoyed themselves. The Sunshine Kids enjoyed themselves completely in Florida.

We held our elections on Monday, March 17, and the results were as follows: President-Barb Vessels, Vice-President-Joy Corcione, and Pledgemistress-

Brenda Larkin. Good Luck in your new offices, Sisters.

We like to wish all the Candidates for the GLC Executive Board Good Luck and may the best person win.

Beta Sigma Chi

The brothers of Beta Sigma Chi hope everyone had a great vacation and is going to have an even better spring full of looseness. Dick and Airy went to Florida and allegedly had a good time. The rest of us, especially Wayne and Budzo just sat around and got fat. This Sunday the brothers are all going to Budzo's house for an Italian Food Festival. Finally, we would like to congratulate Caz on his victory on the Bryant Pool Tournament, he will be celebrating on various kinds of water tonight.

Sigma Iota Xi

This coming Tuesday, March 25th the Greek Letter Council will be holding their annual elections. The sister of SIX would like to wish Good Luck to all the candidates.

The sisters of Sigma Iota Xi are looking forward to the annual GLC Banquet which will be held this coming Thursday, March 27th at the Cranston Hilton. "A good time is sure to be had by all."

The Sigmas hope everyone had a great spring vacation. Everyone get psyched for a good spring semester, and those "WILD" Pledge Formals.

To our new sisters - the Fearsome Foursome: Get psyched for our Pledge Formal. It will definitely be a memorable and good time for you.

Tau Kappa Epsilon

The brothers of TKE would like to welcome everyone back from their spring break. Hope everyone had a good time.

We would like to congratulate the new brothers of TKE; Pledge Captain: Victor Brinkman, Assistant Pledge Captain: Paul "Sticks" D'Adamo, Glen "Turtle" Ayers, Ned "Headly" Smith, Don "Ho" Anderas, John "Couch" Curry, Tim "Gimme, Gimme" Seamons, Dave "Lurch" Smith. The "Psycho Killers" of 1980 will be a welcomed addition to TKE

The TKE Pledge Formal will take place on Sat. March 29. This years formal will be at the Treadway Inn, in Newport, RI. A good time should be had by all.

Alpha Phi Kappa

The sisters of Alpha Phi Kappa hope everyone had a good vacation, and came back psyched to have a good time the rest of the semester.

This week we held our elections, and our new officers are, President-Kate Delaney, Vice President-Carol Johnston, Pledge Mistress-Gina Moore, Treasurer-Wendy Monroe, and Secretary-Lynne Morrison. Congratulations, and Good Luck next year!

We would also like to wish Kate good luck with the GLC Elections, and also good luck to all the other candidates.

We're really looking forward to

softball season this year. Phil and Doug, we're glad you're our coaches, and we're psyched to go out and win a few games!

Sigma Lambda Theta

Welcome back everyone. Hope you all had a great vacation. Unfortunately it's time to study and get down to business again.

HAPPY BIRTHDAY wishes to SUE MARIANI today and SHELLEY MAHAN last sunday. Sue said Birthday kisses will be gratefully accepted any time.

The sisters are getting ready for our best season ever in softball. Victory is, without a doubt, on its way. This years coach is Kevin Foster and assistant, Steady Eddie Polomba.

Hope everyone has a great first weekend back. Especially you Sue?

Tau Epsilon Phi

Congratulations to the eight new brothers of Tau Epsilon Phi fraternity. Their enthusiasm and support as brothers will be a benefit to TEP and other Greeks on campus. Also congrats to all the other new Greeks at Bryant.

We would like to wish our Brother Peter Carroll, candidate for treasurer, on the upcoming GLC elections. Pete will hopefully be elected to the office of Treasurer.

Look for a TEP party soon. Featuring our TEP Tea which went over well at our Happy Hours.

Student Assistants Open House

Photo by Mark Toms

The Student Assistants would like to invite all Bryant College students to an OPEN HOUSE at the Counseling Center. The Open house will take place on April 9th (Wednesday) at 3:30 p.m.

Wine and cheese will be served as well as non-alcoholic beverages. The purpose of the Open House is to acquaint students with the functions and services provided by the Counseling Center staff.

Take advantage of this opportunity to learn more about the Student Assistant program, and to meet the Student Assistants on an informal basis. We look forward to meeting with all interested students. If your interests are the same as ours, then you can become a Student Assistant.

Come on down to the Counseling Center and see what it is all about.

IRS Raises Interest Rates

by Janet Miller
Archway Staff Writer

The Internal Revenue Service recently announced that the interest rate for Federal Tax overpayments and underpayments has been raised from 6 percent to 12 percent effective February 1, 1980. This interest rate applies to both personal and corporate income taxes not paid by the April 15th deadline. Conversely, the 12 percent rate is also applicable to refund checks which are not mailed within 45 days of their filing or due date whichever is later.

This increase is in relation to the rise in the prime lending rate which is charged by commercial banks. Legally, the IRS may only adjust its interest rates every two years. Also, should the prime rate decrease, the IRS will revise its proportion accordingly.

In a related story, the IRS advises caution in selecting professional

THE SENATE Senior Service Awards

If you know any senior who has shown outstanding leadership ability nominate that person for a Senior Service Award. These nominations must also have a recommendation from a teacher or advisor. Six seniors will be chosen by

the Student Senate to receive a senior service award for 1980. The dead line to have your nomination papers in is March 28. Nomination papers may be picked up and dropped off in the Student Senate Office.

Food Operations

This committee has been set up to work with the cafeteria service, snack bar services, and other special functions. We would like to see more freshmen involved with the food services activities. This committee will also be investigating the food service operations during

wintersession. Also these students will review menu cycles, and offering, and analyze nutritional requirements of the food served. Anyone interested in working with this committee or has any questions come into the Student Senate. Music in the cafeteria is also a suggestion that is being looked into.

assistance in preparing tax returns. Taxpayers are urged to be particularly wary of counsellors who claim to have special contacts in the IRS or of ways to beat the system. Services which guarantee refunds should be avoided entirely.

Two basic rules to remember no matter who prepares a tax return never sign a document filled out in

pencil—figures could easily be changed—and, if a professional does your taxes, make certain that he or she signs the form in your presence. The preparer's signature and identification number are required by law.

It is the filer who is responsible for all information supplied, so if you seek help choose it wisely.

Office of the Registrar

PREREGISTRATION PROCEDURE FOR THE FALL 1980 SEMESTER

April 14, 1980 - April 21, 1980

- Preregistration will begin on April 14, 1980. In preparing a schedule, each student is allowed to select five courses. (Secretarial majors and December graduates are allowed six courses). When a Quality Point Average for the current semester has been calculated, a student with a 2.50 cumulative average may add a sixth course to the schedule through the Add/Drop form. You are advised to register for a full complement of courses. The Add/Drop system is designed for amending schedules, not building them.
- A full-time Bryant College day student has the option of taking one of his or her courses in the Evening School, as available. The selection of this course may be accomplished during Preregistration.
- No change to the Fall schedule will be permitted until May 1, 1980. Please note that July 11 is the final date for making changes on your Fall semester schedule. Any changes after July 11 will have to be made through the Add/Drop form, during the first two weeks of the Fall semester.
- The order in which students preregister is determined by the Student Classification Number (SCN) and the birthdate. Approximately 40-50 students will be scheduled at thirty-minute intervals, as indicated below:

- Tentative graduates with 87 credits passed may preregister with the 7's; check with an academic advisor as to your status.

- You are invited to take a seat in Room 386 a few minutes before the time indicated for your group. When your Registration Number is announced, you will be permitted to present your selection of courses for assignment. You must have your schedule plotted out in advance, including alternate selections.

- Consult the RANDOM BIRTHDATE LIST to determine your registration position (Number). Find your Student Classification Number below for the time you are scheduled to preregister.*

N.B. If you are not in good financial standing with the College, the computer will not allow you to preregister. If you have any doubts concerning your financial standing, clarify them with the Bursar.

CODES: Fall Semester Day Courses - 10000, 11000
Evening School Courses - 14000

COURSE NUMBERS - 300 and 400 level courses are primarily for Juniors and Seniors

- * If your birthdate is in error, you must present some official document which indicates your correct date.

Summer Evening Preregistration

Preregistration for summer evening courses will be held from April 7 to April 19. Preregistration forms and the summer schedule will be available in the Evening School Office beginning April 4.

All students, including day students and graduate students, are eligible to preregister for summer evening courses. Day students should preregister in the Evening School Office. Graduate students should preregister through the Graduate School Office.

Students who preregister will receive a confirmation with registration materials on May 1. You must complete the orange, blue and white cards at that time and return them with your payment to the Evening School Office by May 23. Preregistrations not paid for by May 23 will be cancelled on May 24.

Culmination Schedule: May 8-15

PAPERWEIGHT

By J. W. Harrington

The changing role of women in business provides the basis for the humorous play "Paper Weight" by the Rhode Island Feminist Theatre. Paper Weight was presented in the Auditorium yesterday, through efforts of Joan Marsella and Judy Litoff. The presentation was sponsored by the Social Science and Management Departments and the SPB.

"Paper Weight" deals with the interactions of a group of female clerical workers and their new woman manager, in the Records Department of an insurance company. The characters are familiar, almost stereotypes, but this enhances the work; the audience relates to them. The characters were

created by the cast members, who also improvised the situations upon which the script by Anne Patrick is based.

The play opens with the characters introducing themselves to the audience; they describe themselves in terms of their clothing styles as selections of their personalities. The Records Department receives its first woman manager, who alienates the staff through her insistence on making it in a man's world by playing by the rules. Her approach costs the department a valuable employee, unable to get needed time off through the system, and demoralizes the remainder of the department. The incident solidifies the department's employees, over

their jobs and their treatment by the company.

The performances by the company's members were good. Particularly strong was Deborah Bertoldi as the flamboyant Melissa Mae. Gordon DeMichael, who announces at the play's beginning that her gaudy attire comes from "dressing to amuse myself." The actors were especially effective in soliloquies at the beginning of the second act in which they relate their daydreams... what they would like to do if they could leave their mundane jobs.

The performance was well received by the primarily student audience, who especially appreciated lines referring to sex and drugs.

Oranges of Wrath

by Paul Louis

Being a hard-core commuter, I never fail to be amazed at the mentality of some of the resident students who cringe at the thought of driving ten miles to school, yet jump at the chance to cram five people into a Volkswagen and truck 1,500 miles to Florida. What's even worse is the "Florida stories" they have to tell when they return. In order to find out the truth behind these stories I had a private investigator follow my friend, Hank Braineclipse, on his trip to Jacksonville. The stories varied slightly:

Hank: "We left on Friday afternoon and we made excellent time down to Florida. Even though we started with five people in the car we all became comfortable by the time we hit Virginia. We had so much time to spare, in fact, that we made a few side trips before we got to Florida."

Investigator: "Subjects left on Friday afternoon and arrived in Florida the following Wednesday. Apparently subjects got tired of one passenger who was constantly breaking wind and they tied him to a tree in Virginia. Subjects were busted in North Carolina for speeding, in South Carolina for drug

possession, and in Georgia for being Northerners. Total fines came to \$259.60.

Hank: "We lucked out and got a great motel room a few minutes away from the beaches. You wouldn't believe all the nice-looking babes on the beach Paul! We had to fight them off with sticks! We all got lucky if you catch my drift!"

Investigator: "Subjects could only find one empty motel in Florida and that was the 'Swamp View Motor Lodge' which was a six-hour drive from the nearest beach. At the beach the subjects were beaten to a pulp by eight hundred angry football players as they attempted to talk to the three lone girls on the beach. Later that night I observed the subjects smuggle into their room what looked like an ugly alligator. It turned out to be the local call girl whose name is Helen Widetunnel."

Hank: "We reluctantly left on Saturday and made fantastic time back. We all were tired but we left sexually satisfied and sporting great tans!"

Investigator: "Subjects left Saturday afternoon and arrived in R.I. at night. Reason for speed was the fact that they had to fly home due to the unfortunate circumstance that the subject's car had sunken out

of sight in the 'Swamp View Motor Lodge' parking lot. The tan the subjects have is the result of liberal applications of 'QT' lotion. It is also a fact that subjects have caught a rare form of social disease from Helen Widetunnel. This disease is so vicious that it laughs at penicillin!"

Hank: "I got some really great pictures, too! I'll be sure to show them to you when I get them back from the drugstore."

Investigator: "Subject's three hundred dollar camera was eaten by a Hammerhead shark."

DJ of the Week

Mike Statscavage

Mike Statscavage, from Newington, CT, is selected at WJMF's DJ of the Week. Mike, who will be graduating in December, first started working at WJMF 1 1/2 years ago. He likes listening to the music of Bob Seger, and is the only disc jockey to play music by Bob Wills and the Texas Play boys. Mike says about working at WJMF: "It's a good time—I can relax and listen to tunes." You can tune into Mike's show on Wednesdays from 5-8 p.m.

allowed communism to spread. Dignity for the individual is not present in the U.S.S.R., only dignity for the state. Because we believe in the value of human existence, we must remember that our enemy is not the individuals living in the Soviet Union, but rather, the U.S.S.R. and its beliefs. The Russians, East Germans, Poles, Czechs, Hungarians and now the Afghans are not responsible for the actions of the U.S.S.R. There is a difference between the beliefs of the individual and the political ideology of their nation. It is communism itself, not the people that represents a threat to us.

The time has come to stop

communism, not solely because it is opposed to our national policies, but because it destroys personal freedom and crushes the sense of dignity that all men should possess.

The West, if possible, must stop the U.S.S.R. alone, and now. The youth of today must not turn their backs on their nation as they did during the previous two decades. If the youth choose to neglect their duty, then our future as a nation, and the future of the free-world, are grim. It seems ridiculous to me that students would fight for the retention of an 18 year old drinking age, and then respond passively to a threat to their entire way of life.

CAPSULE CRITIQUES

by John P. O'Neil

All That Jazz B

Energetic, well-choreographed, well-photographed movie musical concerning a film and musical producer's obsession with women, the theater, and Death. Roy Scheider is excellent as Joe Gideon the womanizer but his character is too cold and self-indulgent for us to fully identify with.

American Giggolo CD

Whereas *Cruising* brings us on a trip through gay bars, this film brings us on a tour through fancy restaurants, shops that sell Giorgio Armani clothes, and art museums. It

is too concerned with the lifestyle of this film's high priced male prostitute and not concerned enough with character development.

Being There AB

Peter Sellers gives a strong, persuasive performance as a sheltered illiterate gardener whose only knowledge of the outside world comes from watching television and working in his garden. His adventure into the real world is cleverly written and often quite funny. Both Melvyn Douglas and Shirley MacLaine give good supporting performances.

Cruising D

A poor excuse to bring us on a

tour through the raunchiest gay bars in New York and show us disgusting scenes of bizarre sexual behavior and grotesque violence. The flimsy plot concerns the attempts of a cop to catch a sadomasochistic homosexual killer. The conclusion is so confusing that one leaves the theater thinking that the only reason why the film was made was to exploit our limited knowledge of this world.

The Electric Horseman BC

Robert Redford kidnaps a horse because it is being mistreated and intends to set it free. Jane Fonda is a reporter who tracks down Redford and becomes romantically involved with him. This film basically preaches against big business and corruption. Both Redford and Fonda give good performances but the storyline is too far-fetched and corny.

A Force of One D

Poor acting and a weak and predictable plot combine to make for a truly forgettable film. Chuck Norris stars as a karate fighter who works along with the police force to help catch drug pushers. This film will probably appeal mainly to Bruce Lee fans.

Going in Style BC

George Burns, Art Carney, and Lee Strasberg star as three elderly men who spend their days sitting in the park until Burns comes up with the idea of robbing a bank. This film succeeds more as a statement against the sad situation of the elderly in America rather than as a comedy.

The Fog C

A silly film in which zombies invade a bay region to take revenge on descendants of their murderers. John Carpenter uses the same scare techniques he used in *Halloween* and he provides us with a few good shockers. However, as the film progresses, Carpenter overuses his scare tactics and we figure out the shocks before they occur.

THE CHESS CHALLENGE

By Brian L. Sherman

Last Week's Chess Challenge was moderately difficult, with two possible alternatives leading to mate. The best solution was:

W B

1. R-B8 (ch) QxR

2. QxP (ch) RxQ

3. RxR (mate)

If black chose to interpose his rook in move 1, white will still win by forcing mate as above.

The chess masterminds that solved last week's Challenge were: Art Bergquist, Joe Fischer, Franz Folz, Don Miller, Laurice Piche, and Lyn Simpson.

An unsuccessful solution was sent in by Boris Spassky of Leningrad. A nice try, however, and better luck in the future, Boris!

This week's Chess Challenge is somewhat more difficult, but still

possible with some analysis of the position.

BOGOLYUBOV-SULTAN KHAN (Prague, 1931)

White to move and mate in four.

SPORTS

No Hockey Team!!

Bryant College Release

Leon Drury, Bryant College Athletic Director announced that Bryant College is discontinuing its participation in varsity ice hockey.

The move will take effect immediately. Bryant will not field a team for the 1980-81 season. Drury said the main reason for the move is

the increased financial cost of conducting an ice hockey program.

"During the past few years the cost of conducting a varsity hockey program has risen at a far greater rate than any other sport," Drury said.

"These costs have escalated to where the hockey program now consumed 30 percent of the

College's entire varsity athletic budget although hockey represents only nine (9) percent of our varsity participation."

"The College is committed to increasing its men's and women's athletic programs on both a varsity and intramural level," Drury continued. "In the next few years we plan to add several new varsity programs, especially in the area of women's athletics. But to do this we must have more proportional budgeting."

Drury also said that the addition of a new multi-purpose activities center, scheduled for completion in the fall of 1980, will give the college an opportunity to expand its already extensive intramural program.

"Our goal is to provide the entire Bryant student body with a well balanced athletic program. Without our own on-campus ice facility the cost and lack of student support make an ice hockey program unrealistic."

Bryant practiced and played all its home games at the Smithfield Municipal Ice Arena.

Hockey was one of 13 varsity sports teams Bryant fielded during the 1979-80 academic year.

Bryant started its varsity hockey program in 1973. It participated in ECAC Division III competition for two years before moving to Division II for the 1975-76 season. In 1975 it won the ECAC Division III championship. During the recent completed 1979-80 season it compiled a 7-18 record.

Drury said that Bob Reall, varsity hockey coach for seven years, will remain in a full time position at Bryant as Director of Intramural Sports, a position he has held for the past two years in addition to his coaching duties.

A Bright Future

Denise Armstrong, a 5' 9" freshman, has one of the best offensive games ever by a Bryant Player, against Wheaton. Denise scored 27 points, 13 of which were from the field and she had 7 assists.

Kelly Conrans, 5'10", also a freshman, was the team's leading scorer, averaging 13.8 points a game. She was also the leading rebounder and defensive player. Kelly played every position: center, guard, and forward, as well as guarding the opposing team's best players. Judy Watson, a junior, got off to a slow start but finished strongly, covering 12.5 points a game for the last 12 games. She also led the team in assists and steals for the second straight year.

Freshman Trish Farrand, 5'10", contributes 7.0 points and 7.0 rebounds a game. She also leads the team in shooting percentage (50%) and foul shooting percentage (77%).

Looking to next year, the team's schedule will be the most challenging one yet. The program, being just three years old, has gone from Club Status to Division III competition; and next year the team will move to Division II.

Included in next year's schedule are consistent Division II power Springfield, as well as Stonehill, Assumption, New Haven, and Bentley. All of these teams were ranked in the top ten in New England this year.

Dedication

A special tribute to senior, Dottie Pope was given. Dottie has been the team captain since the program started and without whose leadership success would not have been possible. Dottie gave of herself constantly on and off the court in an effort to make the team play their best.

A Winning Season

Bryant's 11-8 record represents the most wins ever by the women's basketball team. It is the team's second consecutive winning season. Last year's standings were 10-7. The 11-8 record this year was achieved against much stiffer competition than last year. The team achieved a 10-3 record against its own Division III teams, including victories of the III teams, including New Haven, Bentley, and Stonehill. The best victories of the season were against Emmanuel 67-54, and Wheaton 77-58. Last year Wheaton beat Bryant by 25 points.

Coach's Reflections

Coach Michael says, "It's the best season we've had by far." He feels that the team's strength was rebounding and good shooting. It's weaknesses included a lack of guards, as majority of players who were new to the team were centers. He is optimistic for a good season next year.

Monroe Dominates

An outstanding performance by Lisa Monroe in the Association of College Women's Intercollegiate Bowling Regional Tournament in April. Lisa average 198.8 (1,790 total pins) for nine games rolled at the regionals in March.

Lisa dominated the field from the opening game and never once gave up her lead. With games such as 209, 205, 233, and 221, she was too much for the other competition.

Lisa has received official notification from the ACU-I Board of Directors and will be departing on April 5 to Seattle Washington.

Her letter went as follows:

Congratulations on being selected as one of the twenty-four finalists for the 1980 Association of College Unions Women's Intercollegiate

Lisa Monroe

Bowling Championships in Seattle, Washington. Your performance in the regional tournament was outstanding and on behalf of the ACU-I, Women's International Bowling Congress and the Brunswick Corporation, we wish you continued success in the national tournament. The champions will be invited to represent the United States in the 1980 World Cup tournament and an opportunity to qualify for the United States team for the FIQ tournament. Our last years champion, Sandi Tice from Erie Community College, finished third in the World Cup in Bangkok, Thailand and was a member of the winning United States team in Manila. Her participation in collegiate bowling rewarded her with many memorable experiences she will cherish for years to come.

Congratulations Lisa and good luck in the tournament!

Volleyball Revenge

This was the motto and psych for the Bryant volleyball squad as they took the court against Providence College on March 4 in the Bryant Gym. Bryant was looking to avenge an earlier season loss to Providence.

The points were hard-fought and the games close with both teams blocking well. Bryant got the better of Providence with a 15-11, 15-7, 15-11 win. Providence College seemed to have some internal team problems as Bryant communicated well and "moved their feet" for a most satisfying victory.

There was a strong and appreciative turnout of students and

administration to cheer the volleyball team. The team is hoping this encouragement and support will continue into its next home match when Bryant plays host to Tufts University on Thursday, March 27 starting at 7 p.m.

The squad now has four wins and one loss in division play and is leading their division. There are three divisional games left before the championships in late April. They are: The March 27 match against Tufts and a home-and-home series with Worcester Polytech in early April.

Frisbees Fly

by Bob Daigle
of the Archway Staff

The Ultimate Messengers Frisbee Team has recently purchased a number of new personalized 165 cm. frisbees. The discs feature the Ultimate Messenger logo, and are the only of their kind in the country. The design for the disc was conceived and designed by Brian Cowley, pictured here with Dr. O'Hara.

The frisbees are of the highest quality, and are sure to become collector items, the Ultimate Messengers will be selling the discs in the Rotunda throughout next week. The price of a single frisbee is six dollars. All profits made from

the sales will go to the team to help them meet expenses.

The Bryant Frisbee Team is looking forward to a successful spring season. During the fall they earned the distinction of R.I. State Champions by defeating such teams as URI, Brown, Roger Williams, and Providence College. The team is hoping to be a Regional contender this spring. The first game is scheduled for this Sunday against Holy Cross, at Holy Cross.

The Messengers would like to thank everyone for their support in the past and hope it will continue as disc sports grow every more popular.
